The Honorable Rosa DeLauro
Ranking Member
House Committee on Appropriations
1036 Longworth House Office Building
Washington, D.C. 20515

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Randolph Park PFAS project in fiscal year 2024. The entity to receive funding for this project is the City of Tucson - Tucson Water Department, located at 310 W. Alameda Street, Tucson, AZ 85726-7210.

The funding would be used to install a new well and treatment system to maintain capture of an existing PFAS plume from Davis Monthan Air Force Base. Treated water will be put to beneficial use as irrigation water for the adjacent golf course. The project is an appropriate use of taxpayer funds because preventing the migration of an existing plume of PFAS further north into Tucson will maintain water quality levels in Tucson Water's central wellfield, reduce future treatment requirements, maintain property values, and continue to support a high quality of life.

The project has a Federal nexus because the funding provided is for the purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Juan Ciscomani
Member of Congress
